

Housing Authority 2021

1 for 5 years

League Question

At the 2020 Special Town Meeting #2 , Town Meeting voted unanimously (with two abstentions) in favor of Article 8, a Citizen Petition, “Systematic Racism Resolution.”

Section B of the article states that the Town should: “c. build capacity to collect, interpret and act on data related to inequities, particularly those related to health, housing, education, policing, representation, and economic and environmental justice;”

Do you think the Lexington Housing Authority should undertake an evaluation of its tenant selection process to determine whether the authority is providing equal access to applicants of color?

Incumbent

Nicholas Santosuosso
